Visit for Don Bosco Anbu Illam - Salem

In 2020, The Main Purpose of visiting Ashrams – History will judge us by the difference we make in everyday lives of Children. Playing is so integral to Childhood which keeps them vital and alive, it gives them complete Physical, Mental and Social well-being which is most required, without it life just doesn't taste good. A child who doesn't have Opportunities to play is cut off from Major portion of Childhood this made us to visit Children Ashrams and encouraging them to do so. Currently this Ashram is for the integral development of Marginalized youth who are at risk and who were in need of care and protection. Spread Love visited here on 15th January 2020 This Ashram is not within city limits to reach frequently, Children here are not aware of sports and any other Indoor\Outdoor Games, they have only seen most of the games in Common Television. We provided Sports Kits for all 40 Kids and made them aware of all the games We played along with them and made them smile. And Spread Love is so Thankful to the Volunteers who involved in making this happen that day.
